

Important Prescription  
Drug Information

Prepared Exclusively for  
North Kansas City Hospital

**MEDTRAK**  
*Your Prescription for X Service*

Welcome to  
MedTrak Services,  
Your Prescription  
For Service.

Dear Member:

This booklet contains important information about your prescription benefits.

There are a few things you should do to get the most out of your prescription benefits:

- 1) Register on our website at [www.medtrakservices.com](http://www.medtrakservices.com)
- 2) Call if you have questions at 1.800.771.4648

We look forward to serving you!

- Your friends at MedTrak Services

North Kansas City Hospital utilizes MedTrak Services to administer the Prescription Drug Plan.

## Your Plan Benefit Details:

## Access Your Rx Information

### Rx Price and Coverage

Before you go to the pharmacy, find the price of your prescriptions, whether it's covered under your plan and less expensive alternatives.

### Pharmacy Locator

Locate an in-network pharmacy convenient to you—no matter where you are in the country.

### Your Rx Claims History

Access your prescription claims history.

### Search Drug and Health Conditions

Find this and much more!

|   | Fill Date | Drug Name           | You Paid | Total Price |  |
|---|-----------|---------------------|----------|-------------|--|
| + | 2/5/2015  | AMBIEN TAB 10MG     | \$51.26  | \$102.52    |  |
| + | 1/31/2015 | CELEBREX CAP 200MG  | \$60.39  | \$181.94    |  |
| + | 1/25/2015 | DIOVAN TAB 160MG    | \$35.58  | \$57.91     |  |
| + | 1/20/2015 | ZITHROMAX TAB Z-PAK | \$33.90  | \$49.51     |  |

## Need a Pharmacy?

We have over 65,000+ options

- 1) Preferred Pharmacy Network—Retail Pharmacies providing 30 day fills.
- 2) Performance 90 Network—Retail pharmacies providing 90 day fills for maintenance medications.
- 3) Best In Class Specialty Pharmacy— Specialty pharmacies providing fills for specialty medications.

## Find a Pharmacy

- 1) Go to [www.medtrakservices.com](http://www.medtrakservices.com).
- 2) Login with your username and password.
- 3) Click on Pharmacy Locator in the Pharmacy Information section.
- 4) Search by City and State or Zip Code.
- 5) Choose one of these pharmacies and your prescriptions will be covered according to your benefit plan design.

### Where can I fill my prescriptions?

At any participating pharmacy in the MedTrak Preferred Pharmacy Network or Performance 90 Network. Use the pharmacy locator on the website ([www.medtrakservices.com](http://www.medtrakservices.com)) to identify a pharmacy convenient for you.

### What copay will I pay for my medication?

Please refer to the copay structure table within this booklet.

**Generic CoPay:** The amount you are required to pay for a Generic medication, which are low cost medications.

**Brand with No Generic Equivalent CoPay:** The amount you are required to pay for a Brand medication that does not have a Generic Equivalent.

**Brand with Generic Equivalent CoPay:** The amount you are required to pay for a Brand medication that does have a Generic Equivalent available.

Please refer to the copay structure table within this booklet. You will pay either the Generic copay or the Formulary Brand copay for drugs on the formulary. If you are taking a drug that is not a Formulary drug, you will pay the higher copay. Please refer to the **MedTrak National Formulary**, which can be found by logging on to [www.medtrakservices.com](http://www.medtrakservices.com) and clicking on *My Plan Information* → *Forms and Downloads*. Please ask your doctor to prescribe a Generic or Formulary drug whenever possible.

### Will I pay more if I choose to fill a Brand drug when a Generic equivalent is available?

Yes. If your brand drug has a generic equivalent, you will pay a higher copay in addition to the difference in cost between the brand and generic prescription. The difference in cost will not be applied towards your Deductible or Out-of-Pocket Maximum. Please ask your physician and your pharmacist to prescribe and dispense Generic drugs whenever possible.

### How do I know if my drug has a generic equivalent?

Your plan encourages the use of generic drugs because they are as effective as brands, but much less expensive. Please ask your physician and your pharmacist to prescribe and dispense generic drugs whenever possible.

## What is the difference between a brand and a generic?

**Cost.** The FDA requires that a generic drug have the same quality and performance as its brand counterpart. Generics are less expensive because they are not required to repeat costly clinical trials the brand drug completed, along with lower advertising, marketing and promotion costs. To find out if your drug offers a lower cost alternative, go to the MedTrak website.

## How can I find out more about cost savings?

Go to [www.medtrakservices.com](http://www.medtrakservices.com). Click on Rx Price Finder to find the cost of specific drugs and lower cost alternatives. In addition, if you take a drug that offers a lower cost alternative, you will receive a letter in the mail providing information on the preferred lower cost alternative(s). Please discuss this information with your doctor. Switching to the preferred alternative will save you and your employer money.

## What is Step Therapy?

Step Therapy is a program designed for members who take medication on a regular basis to control their condition to offer the best medication at the lowest possible cost. With Step Therapy, members who are taking a Step-Two medication are provided less expensive Step-One alternatives, which have been clinically proven to be safe and effective in treating the condition. For more information, go to our website and find more information on Step Therapy under Member Information>My Plan Information.

## What if I have more questions?

We want to help you! We highly encourage you to call a MedTrak Pharmacy Benefit Advisor at 1.800.771.4648 or visit our website at [medtrakservices.com](http://medtrakservices.com). In addition, if you encounter any issues when visiting your local pharmacy, please ask the pharmacist to call us so we can assist them right away!

*This is practical information regarding your Prescription Benefit Plan. For a more detailed description of your Health Plan, please refer to your Summary Plan Description (SPD) provided by your plan sponsor and/or your Medical Benefits Provider.*
